Remuneration Policy

Long Term Incentive Plan (LTIP)

Purpose and link to strategy Incentivises Executive Directors to deliver against the Group's strategy over the longer term. Long-term performance targets and share-based remuneration support the creation of sustainable shareholder value.

Operation Awards of conditional shares or nil-cost options can be made with vesting dependent on the achievement of performance conditions, normally over a three-year performance period. Vested LTIP awards are normally subject to an additional holding period of two years before being released.

The Committee may grant nil-cost options in conjunction with a tax-advantaged option granted under the tax-advantaged schedule to the LTIP (a 'Linked Nil-Cost Option'). This linking arrangement gives the participant and the Group the opportunity to benefit from the tax treatment available in respect of tax-advantaged options without increasing the pre-tax value delivered to the participant.

The Committee has discretion to vary the formulaic vesting output applying to any LTIP award where it believes the outcome does not reflect the Committee's assessment of overall business performance or is not appropriate in the context of circumstances that were unexpected or unforeseen at the date of grant.

LTIP Awards may (where permissible) carry a right to a separate payment (in cash or shares) equal to the value of dividends that would have been received on the shares over the vesting period (and holding period if structured as a nil-cost option). The payment may assume the reinvestment of the dividends.

Recovery provisions apply as referred to below.

Long Term Incentive Plan (LTIP) continued

Opportunity The normal maximum award size will be up to 150% of base salary in respect of any financial year.

In exceptional circumstances the Committee reserves the right to award up to 200% of base salary in respect of any financial year.

For the reasons above, if an LTIP award is granted as a Linked Nil-Cost Option, the shares subject to the tax-advantaged option to which it is linked will not count towards this limit.

Performance metrics The vesting of LTIP awards is subject to the satisfaction of performance targets set by the Committee.

Performance measures will be determined by the Committee for each LTIP award in line with the long-term business strategy and KPIs. Threshold performance under each metric will result in no more than 25% of that portion of the award vesting. The Committee will regularly review the performance conditions and targets to ensure they are aligned to the Company's strategy and remain challenging and reflective of commercial expectations. Financial or shareholder return targets will apply to the majority of an award.

All employee share plan

Purpose and link to strategy To provide alignment with Group employees and to promote share ownership.

Operation The Executive Directors may participate in any all-employee share plan operated by the Company.

Opportunity The value of shares over which awards may be granted will be in line with the relevant legislative limits (from time to time).

Performance metrics Not applicable.

Shareholding guidelines

Purpose and link to strategy To provide alignment with shareholders' interests.

Operation **During employment**
Executives are required to build up and retain a shareholding equivalent to 200% of their base salary.

Until the shareholding requirement is met, Executive Directors will be required to retain 50% of the net of tax shares they receive under any incentive plan.

Post-employment
Any Executive Director leaving the Company will be expected to retain the lower of the shares held at cessation of employment and shares to the value of 200% of salary, for a period of two years. The Committee will have discretion to amend the requirement in exceptional circumstances.

Opportunity Not applicable.

Performance metrics Not applicable.

Recovery provisions (malus and clawback)

Annual bonus awards and LTIP awards are subject to recovery provisions which may be applied for up to two years following the payment in the case of the annual bonus, and for up to two years following vesting in the case of an LTIP award. These provisions may be applied in the following circumstances:

- a material misstatement of the Company's audited financial results;
- a material failure of risk management by, or corporate failure of, the Company, any member of the Company's group ('Group') or a relevant business unit;
- the Remuneration Committee determining that the relevant Participant or former Participant has been guilty of serious misconduct;
- serious reputational damage to the Company, any Group member or a relevant business unit as a result of the Participant's misconduct or otherwise;
- an error in assessing a Performance Condition applicable to the Award; and
- in the case of recovery before vesting, other relevant circumstances at the discretion of the Committee.

Malus and clawback may be applied to any tax-advantaged option granted under the LTIP to the extent permitted by the applicable tax legislation.

Non executive Director fees

Purpose and link to strategy Non-executive Director fees are set at a level that reflects market conditions and is sufficient to attract individuals with appropriate knowledge and experience.

Operation Fees are reviewed as required and amended to reflect market positioning and any change in responsibilities.

The Remuneration Committee recommends the remuneration of the Chair to the Board. Fees paid to Non-executive Directors are determined and approved by the Board as a whole.

The Non-executive Directors do not participate in the annual bonus plan or any of the Group's share incentive plans. Non-executive Directors may be eligible to receive benefits such as the use of secretarial support, travel costs or other benefits that may be appropriate (and may be reimbursed for any tax liability thereon).

Fees may be payable in cash or shares.

Opportunity Fees are set taking into account the level of fees paid to Non-executive Directors serving on boards of similar-sized UK-listed companies and the time commitment and contribution expected for the role.

Non-executive Directors receive a basic fee and an additional fee for further duties (for example chairing a Committee or Senior Independent Director responsibilities or holding the position of Non-executive Director responsible for workforce engagement).

Performance metrics Not applicable.

The Committee reserves the right to make any remuneration payments and payments for loss of office notwithstanding that they are not in line with the Policy set out above where the terms of the payment were agreed before this Policy came into effect or, at a time when the relevant individual was not a Director of the Company (or other person to whom this Policy applies) and, in the opinion of the Committee, the payment was not in consideration for the individual becoming a Director of the Company (or other such person).

For these purposes the term 'payments' includes the Committee satisfying awards of variable remuneration and, in relation to an award over shares, the terms of the payment are agreed at the time the award is granted.

Explanation of performance metrics chosen

Performance measures are selected to reflect the Group's strategy. Stretching performance targets are set each year for the annual bonus and long-term incentive awards. In setting these performance targets the Committee will take into account a number of different reference points which may include the Group's business plans and strategy and the market environment.

The Committee retains the discretion to adjust or set different performance measures or targets if events occur (such as a change in strategy, a material acquisition and/or a divestment of a Group business or a change in prevailing market conditions) which cause the Committee to determine that the measures are no longer appropriate, and that amendment is required so that they achieve their original purpose.

Discretion

The Remuneration Committee can exercise discretion in a number of areas when operating the Company's incentive schemes, in line with the relevant rules of the schemes and, where relevant, HMRC guidance and the legislation relating to tax-advantaged schemes. These areas include (but are not limited to):

- the choice of participants
- the size of awards in any year (subject to the limits set out in the policy table above)
- the extent of payments or vesting in light of the achievement of the relevant performance conditions
- determination of 'qualifying leavers' and the treatment of outstanding awards (subject to the provisions of the scheme rules and the Remuneration Policy provisions), and
- the treatment of outstanding awards (other than tax-advantaged options on a change of control).

Operation of share plans

The Committee may amend the terms of awards and options under its share plans in accordance with the plan rules in the event of a variation of the Company's share capital or a demerger, special dividend or other similar event or otherwise in accordance with the rules of those plans. Shares awards granted under any such plan may be settled (in whole or in part) in cash where permitted, although the Committee would only do so where the particular circumstances made it appropriate to do so – for example, where there is a regulatory restriction on the delivery of shares.

Illustration of application of Remuneration Policy

The charts on the following page show the relative split of remuneration between fixed pay (base salary, benefits and pension) and variable pay (annual bonus and LTIP) for each Executive Director on the basis of minimum remuneration, remuneration receivable for performance in line with the Company's expectations and maximum remuneration (including and excluding share price appreciation of 50% on the LTIP award).

In illustrating the potential reward, the following assumptions have been made:

- **Minimum:** Comprises fixed pay only using the salary on 1 October 2022, the benefits value has been assumed to be equivalent to that included in the single figure calculation on page 87 and a 3% company pension contribution.
- **On-target:** Fixed pay plus a bonus pay-out at 50% of maximum and the FY2022/23 LTIP vesting at 50% of face value.
- **Maximum:** Comprises fixed pay and assumes full pay-out under the annual bonus and that the FY2022/23 LTIP grant vests in full.
- **Maximum performance with share price appreciation of 50%:** the maximum scenario assuming 50% share price growth on the LTIP award from the date of grant to vesting.

Recruitment Remuneration Policy

Executive Directors

When setting remuneration packages for new Executive Directors, pay will be set in line with the Remuneration Policy outlined above. In determining appropriate remuneration, the Committee will take into consideration all relevant factors (including the quantum and nature of remuneration) to ensure the arrangements are in the best interests of Marston's and its shareholders.

Salary

Base salary will be set at a level appropriate to the role and experience of the Executive Director being appointed. This may include agreement on future increases up to a market rate, in line with experience and/or responsibilities and subject to good performance, where it is considered appropriate.

Pension and benefits

Pension and benefits will be provided in line with the Policy.

Relocation

Appropriate costs and support will be covered if the recruitment requires relocation of the individual.

Annual bonus

New joiners may receive a pro-rated annual bonus based on their employment as a proportion of the financial year and targets may be different to those set for other Executive Directors subject to a maximum annual bonus opportunity of 125% of base salary.

LTIP

Grants under the LTIP will be made in line with the Remuneration Policy in the year of joining, subject to the maximum award limit of 200% of base salary.

For the avoidance of doubt, in the case of an internal promotion, legacy arrangements should be allowed to continue including continuation of the plan the individual is in for the year of joining if required.

Buyout awards

For external appointments, the Committee (if it is considered appropriate) may make an award to 'buy-out' incentive awards that will be forfeited on leaving a previous employer. To the extent possible buy-out awards will be made on a broadly like-for-like basis. In doing so the Committee will take account of relevant factors including the vehicle (i.e. cash or equity), the performance conditions attached to vesting, the vesting schedule and the likelihood of vesting of the forfeited incentives. The Committee would seek to incorporate buy-out awards in line with the Company's remuneration framework as far as is practical. The Committee may consider other components for structuring the buy-out, including cash or share awards, restricted stock awards and share options where there is a commercial rationale for doing so.

Remuneration Policy

Non-executive Directors

Fees payable to a newly appointed Chair or Non-executive Director will be in line with the fee policy in place at the time of appointment.

Service contracts and policy on payment for loss of office

The Executive Directors have a service contract requiring nine months' notice of termination from either party as shown below.

The current Non-executive Directors, including the Chair, do not have a service contract and their appointments, whilst for a term of three years, may be terminated without compensation at any time. All Non-executive Directors have letters of appointment, and their appointment and subsequent reappointment is subject to annual approval by shareholders.

Name	Commencement date	Unexpired term remaining as at 1 October 2022
Andrew Andrea	3 October 2021	Terminable on nine months' notice.
Hayleigh Lupino	3 October 2021	Terminable on nine months' notice.
Bridget Lea	1 September 2019	Fixed term expiring on 31 August 2025 (subject to renewal) and terminable on one month's notice.
Octavia Morley	1 January 2020	Fixed term expiring on 31 December 2022 (subject to renewal) and terminable on one month's notice.
Mathew Roberts	1 March 2017	Fixed term expiring on 28 February 2023 (subject to renewal) and terminable on one month's notice.
William Rucker	1 October 2018	Fixed term expiring on 30 September 2024 (subject to renewal) and terminable on six months' notice.

The principles on which the determination of payments of loss of office will be approached are summarised below:

Provision	Treatment upon loss of office
Payment in lieu of notice	<p>Payments to Executive Directors upon termination of their contracts will be equal to base salary plus the value of core benefits for the duration of the notional notice period.</p> <p>They will also be entitled to pension contributions for the duration of the notional notice period or the requisite cash allowance equivalent.</p> <p>The Executive Director will normally have a duty to seek alternative employment and any outstanding payments will be subject to offset against earnings from any new role.</p> <p>A de minimis value of £1,000 will apply for reporting purposes.</p>

Provision	Treatment upon loss of office
Annual bonus	<p>'Qualifying leavers' will be eligible to receive an annual bonus at the usual time with performance measured at the usual time. The annual bonus will normally be pro-rated for service during the financial year. Any bonus earned will be paid in cash and shares in line with the current policy.</p> <p>'Non-qualifying' leavers will not normally be eligible to receive an annual bonus.</p> <p>Shares subject to a holding period will normally be released at the normal time.</p>
LTIP	<p>The treatment of any award under the LTIP would be determined based on the leaver provisions contained within the LTIP rules.</p> <p>Awards are forfeited on cessation of employment except for 'qualifying leavers' (where awards vest subject to performance conditions and are normally scaled back pro rata to the proportion of the performance or vesting period served).</p> <p>Shares subject to a holding period will normally be released at the normal time.</p>
Change of control	<p>There are no enhanced contractual provisions on a change of control.</p> <p>Upon a change of control incentive awards will usually vest and be subject to performance conditions. Pro-rating for time, to reflect the proportion of the performance period that has elapsed will ordinarily apply to LTIP awards. The Committee retains the discretion to waive pro-rating for time. Awards may vest on a similar basis on the occurrence of any other relevant event.</p>
Other payments	<p>Payments may be made in the event of loss of office under the all-employee scheme (which is governed by its respective rules and the applicable tax legislation and does not provide for discretionary treatment). The Committee reserves the right to make any other payments in connection with a Director's cessation of office or employment where the payments are made in good faith in discharge of an existing legal obligation (or by way of damages for breach of such an obligation) or by way of settlement of any claim arising in connection with the cessation of a Director's office or employment. Any such payments may include but are not limited to payments in respect of accrued holiday pay, outplacement and legal fees and other relevant benefits.</p>

- Ralph Findlay stepped down from the Board on 2 October 2021. Andrew Andrea was appointed CEO and Hayleigh Lupino was appointed CFO. Both appointments were effective from 3 October 2021.
- Private medical insurance benefits are unchanged but premiums may vary from year to year. Benefits include a car allowance, private medical insurance and life assurance.
- Andrew Andrea and Hayleigh Lupino received a pension contribution of 3% of salary.
- This figure relates to the grant of Sharesave options during the reporting year.

Annual bonus 2021/22

Stretching targets were set at the start of 2021/22. Targets were based on a balanced mix of financial (EBITDA and FCF) and strategic measures (performance vs Peach market tracker, Reputation scores and employee engagement).

During the year, the Remuneration Committee reviewed the operation of the Peach market tracker. Following that review, at the March 2022 meeting, the Committee used its discretion to replace the Peach market tracker with a Group sales measure with equivalently stretching sales targets. As part of a balanced scorecard, Group sales better reflects overall financial performance.

As noted above, having made a strong start to the year, with promising levels of Christmas bookings, the business was heavily impacted by the trading restrictions imposed as a consequence of the Omicron variant in December 2021. It became quickly apparent that the EBITDA and cashflow performance conditions, which had very recently been set, had been rendered unachievable.

Recognising the need to maintain motivation within our pub, operational and support teams, the Committee concluded that it would be in shareholders' interests if the targets for both measures were adjusted to exclude the negative impact of Omicron from the financial targets by removing trading periods 1-4. The Committee also agreed that, in the first full year of our new strategy, it was important to make the equivalent adjustments to the senior management team bonus targets. To balance this use of positive discretion the quantum available under the financial measures applying to 70% of the bonus was reduced by four twelfths. The 30% applying to the strategic measures was unchanged as the targets remained unmodified and were assessed over the full 12 months. As a result, the bonus opportunity for the year was reduced from 100% of salary to 76.66% of salary.

Targets were adjusted in the context of continuing uncertainty and economic challenges, with the aim of incentivising our people to achieve a rapid recovery post Omicron, and remain focused on our strategic measures. The adjustments to the bonus were aligned across the Group and the adjusted target ranges are summarised below:

Performance metric	Weighting	Threshold (20% of maximum)	Target (50% of maximum)	Maximum (100% of maximum)	Actual	% of salary
Group EBITDA	30%	Previous target (applicable for 12 months)	£170.81m	£179.80m	£189.00m	£159.60m
		Target adjusted by the Committee applying for periods 5-12	£122.60m	£129.10m	£135.50m	£112.30m
Group free cash flow	40%	Previous target (applicable for 12 months)	£60.42m	£63.60m	£66.84m	£55.50m

Employee engagement	10%	7.5	8.0	8.2	7.8	4%
Bonus outturn						14%

CORPORATE GOVERNANCE REPORT CONTINUED

Annual report on remuneration

The annual bonus outcomes for Executive Directors during the year are shown below. As reported in the Annual Statement, on page 72, our business was impacted by economic volatility, rising costs, supply chain challenges and the cost-of-living crisis. Whilst performance did not reach threshold on the financial measures, our people have worked hard to deliver great guest experiences during the year, as shown in our Reputation score, and have remained highly engaged. The Committee is satisfied that no adjustments to the pay-outs are required, and that the outcome is reflective of underlying performance. The bonus is payable in cash.

Executive Director	Annual bonus outcome	
	% salary (out of reduced maximum 76.66% of salary)	Value £
Andrew Andrea	14%	84,357
Hayleigh Lupino	14%	54,075

LTIP award vesting in respect of performance during 2021/22

The 2019/20 LTIP award was granted in December 2019, prior to the disposal of Marston's Beer Company into the partnership with Carlsberg. As reported in the 2021 Directors' Remuneration Report, performance targets were set at the time with the assumption that the beer company would remain a part of the Group and contribute to the underlying EPS number. The beer company profit in 2019 equated to a 5.1p contribution to the underlying EPS target. The revised targets, ranges and outturn are shown below. NCF and relative TSR targets and ranges were not adjusted.

The performance targets for these awards and the performance to 1 October 2022 are shown below:

Performance metric	Weighting	Threshold 25% vesting	On-target 50% vesting	Maximum 100% vesting	Actual	LTIP vesting
Underlying EPS	40%	7.7p	8.0p	8.6p	4.3p	0% out of 40%
Free cash flow	40%	£100m	£125m	£150m	£194.8m	40% out of 40%
Relative TSR vs FTSE 250 (excluding Investment Trusts)	20%	Median	–	Upper quartile	Below median	0% out of 20%
Total						40% out of 100% of maximum

The Committee reviewed the outturn in relation to the NCF targets and was satisfied that the pay-out was justified for the following reasons:

- As a result of the beer company disposal, the Group holds a 40% investment in CMBC i.e., the outcome of the disposal was not purely a substantial cash inflow.
- Considering the safeguards that were discussed at the time of the award, the NCF outturn has not resulted in the underinvestment in our estate, with the capex programme now ensuring that every pub is refreshed at least once every 4 years, with the previous cycle being longer.
- Additionally, the transaction and resulting cash inflow underpinned the financial stability of the Group during the pandemic and ensured we could avoid the potential requirement to raise equity.
- Awards were granted in December 2019, prior to the onset of the global pandemic (i.e., there was no potential for COVID-19 related windfall gains).

Overall, the Committee is comfortable that the level of vesting is in line with underlying performance over the performance period. As such, the awards will vest in December 2022, with the shares subject to a two-year holding period.

The 2019 awards will therefore vest as follows:

Executive Director	Number of shares granted ¹	Number of shares due to vest	Total ² £
Andrew Andrea	372,124	148,849	64,971
Hayleigh Lupino ³	43,875	17,550	7,660

- The share price was £1.294 at the time of grant of the award, compared to the three-month average share price of £0.436 to 1 October 2022. Therefore, none of the value of the award is due to share price appreciation.
- Value of shares based on a three-month average share price of £0.436 to 1 October 2022. This value will be restated next year based on the actual share price on the date of vesting.
- Hayleigh Lupino received the 2019 LTIP award in her previous role within the Group.

LTIP awards granted during 2021/22

LTIP awards were granted on 6 December 2021 as APSP awards. The APSP awards comprised three elements: (i) an HMRC Tax Qualifying Option over shares with a total value at the date of grant of £30,000 with an exercise price of £0.6705 per share; (ii) a 'Linked Award' which is, principally, a funding award in the form of a nil-cost option (i.e. in the form of an LTIP award) over such number of shares whose total value at exercise equals £30,000; and (iii) an LTIP award in the form of a nil-cost option over shares to the value of the remainder of the APSP award above the £30,000 limit.

The table below shows the percentage change in the Directors' salary, benefits and annual bonus over the last three financial years. This is then compared to the wider workforce. It was agreed that all employees of the Group should be included in the comparison. Marston's PLC does not have any direct employees, as all employees within the Group are employed by a wholly owned subsidiary company, Marston's Trading Limited.

Notes

- Salary/fee reviews for the Executive Directors, Non-executive Directors, and salaried workforce are effective 1 October. However, whilst Marston's accounting reference date is 30 September, the Group reports on a 52 week basis and, therefore, the period end date changes from year to year. The year-on-year comparisons in the table above are based on the salaries/fees applying with effect from 1 October. Average employee change to salary is calculated by reference to the mean of employee pay. The majority of pub-based employees have their remuneration set by statute rather than the market.
- Where the incumbent did not serve for the full year, the calculation has not been made as it is unrepresentative. Hayleigh Lupino was appointed CFO effective from 3 October 2021. Nick Varney was appointed Non-Executive Director to the Board with effect from 1 July 2022.
- Ralph Findlay stepped down from the Board and retired from the Group as CEO on 2 October 2021, as a result he has been removed from the table above. See the 2021 Annual Report for details on changes in Ralph's remuneration when he was a Director.
- Andrew Andrea's percentage increase from 2020/21 to 2021/22 reflects his appointment as CEO (having previously been CFO) and the responsibilities, and associated level of benefits, that accompany that position.
- No changes to benefit policy. Premiums for private medical insurance may vary from year to year. Eligibility to receive the individual benefits under the policy may be determined by an employee's role or length of service, where applicable.
- During the 2019/20 period, during the first national lockdown, those employees who continued to work were asked to accept a 20% voluntary reduction in their salary during the period from April to July 2020, with normal salaries paid from August 2020. The car allowance element of the benefits policy was subject to the 20% voluntary reduction during the same period. The increase in the Executive Directors' benefits from 2019/20 to 2020/21 therefore reflects the ending of this reduction.
- No bonuses were payable in respect of 2020/21, or the prior period, based on Group performance, therefore a comparison with bonuses earned in respect of 2021/22 is not meaningful. Bonuses and other discretionary payments were earned by a number of employees, within the wider workforce, during the prior period, details of which are set out on pages 59 to 60 of the 2020 Annual Report and Accounts.

Annual report on remuneration

CEO pay ratio

The tables below show how the CEO's single total figure of remuneration compares with the equivalent figures for UK employees whose remuneration was ranked at the 25th percentile, 50th percentile, and 75th percentile.

Year	Method	25th percentile pay ratio	50th percentile pay ratio	75th percentile pay ratio
2021/22	Option B	46:1	45:1	40:1
2020/21	Option B	47:1	44:1	43:1
2019/20 (based on contractual salary and benefits)	Option B	48:1	45:1	41:1
2019/20 (reflecting voluntary reduction in salary and benefits)	Option B	40:1	37:1	34:1

1. Andrew Andrea was appointed CEO from 3 October 2021. As a result, the 2021/22 pay ratio is assessed against Andrew Andrea's total remuneration. Prior years are assessed against Ralph Findlay's total remuneration who stepped down from the Board 2 October 2021.

Component	CEO £	25th percentile £	50th percentile £	75th percentile £
Base salary	601,765	17,108	17,472	19,601
Total remuneration	791,914	17,108	17,472	19,601

We have chosen Option B which uses the hourly rate data from the most recent Gender Pay Gap reporting. This represents the most efficient and robust method to determine the respective pay ratios. To ensure year-on-year methodology and reporting is consistent, we have removed any variances in the total remuneration package for employees sitting at each of the percentiles as, for example, not all employees contribute to a pension scheme or receive a bonus. In order to determine the full-time equivalent salary component for the representative employees, the hourly rate was multiplied by 35 hours to calculate the full-time equivalent salary. The calculations for the relevant representative employees were performed as at 5 April 2022. Sensitivity analysis was performed around the 25th, median and 75th percentile employees to ensure that they were reasonably representative.

Two sets of pay ratios are included in the table above for 2019/20, reflecting Ralph Findlay's voluntary reduction in salary and benefits during the period from April to July 2020 and his contractual salary and benefits for 2019/20. There has not been a significant change to the CEO pay ratio over the last three years (when compared to the contractual salary and benefits).

A substantial proportion of the CEO's total remuneration is performance-related and delivered in shares. The ratios will depend significantly on the CEO's annual bonus and long-term incentive outcomes and may fluctuate year-on-year. The Company considers the median pay ratio is consistent with the Group's wider policies on employee pay, reward and progression.

Relative importance of spend on pay

The table below demonstrates the relative importance of the Group's expenditure on total employee pay compared to dividend payments to shareholders.

	2021/22	2020/21	% change
Dividend payments ¹	£0m	£0m	–
Total employee pay ²	£214.0m	£186.7m	14.6% ³

1. No distributions by way of share buybacks were made to shareholders during the 2021/22 or 2020/21 financial years.
2. Excluding non-underlying items.
3. The increase in total employee pay is predominately due to the increase in the NMW during the year, and the additional uplifts applied to the NMW rates for all age groups by the Company.

External appointments for Executive Directors

Executive Directors are permitted to take up external appointments, subject to approval by the Board, and are allowed to retain any fees received.

Directors' share interests (audited)

Each Executive Director is required to build and retain a shareholding with a value equal to two times salary. To achieve these holdings under the current policy, Directors are required to retain any vested shares from the LTIP, net of tax, until the guidelines are satisfied. Under the proposed policy, Executive Directors will be required to retain 50% of the net of tax shares they receive under the annual bonus and LTIP. Shares subject to vested LTIP awards which are in a holding period count towards this guideline (on a net of assumed tax basis) and deferred bonus shares also count towards the shareholding guideline.

As at 1 October 2022, Andrew Andrea held shares worth 84% of base salary and Hayleigh Lupino held 18% of base salary in shares.

- The table above includes the holdings of persons connected with each of the Directors.
- All scheme interests are structured as nil-cost or tax-advantaged options.
- Of the 71,038 share options, 40,909 are Sharesave options.

In assessing the extent to which the guidelines are satisfied, shares are valued at the end of the relevant financial year. Once the required holding has been achieved, any change in the share price is disregarded when assessing the value attributed to shares already held.

Implementation of the Policy in 2022/23

The section below sets out the implementation of the Remuneration Policy in 2022/23 which has been set in line with the Remuneration Policy to be put to shareholders at the 2023 AGM.

Base salary

During the year, the Committee reviewed the salary increases for the wider salaried workforce taking into account high inflation and the cost of living and also the need to control our cost base. As a result of the review, the majority of the wider salaried workforce received an increase of 4% of salary. In addition, most salaried employees were eligible to receive a one-off payment of up to £750 to help with the sharp increase to the cost of living and energy costs. Therefore, with an increase of 4% applied to the majority of the salaried workforce, plus the additional payments, the Committee was comfortable with a lower increase of 3% for Executive Directors.

Annual report on remuneration

Name	Base salary 2021/22 £	Base salary 2022/23 £
Andrew Andrea	602,550	620,626
Hayleigh Lupino	386,250	397,838

Note:

The majority of the wider workforce (pub-based employees) have their remuneration set by statute rather than the market.

Annual bonus

The annual bonus opportunity for Executive Directors will be 100% of salary, in line with the previous year. Performance measures remain unchanged and are aligned to our strategic objective and core pub and corporate goals.

Strategic pillar	Performance measure	% Weighting for 2022/23
We will grow	Group EBITDA	30%
	Free cash flow	20%
	Group sales	20%
We are guest obsessed	Reputation score	15%
We raise the bar	Employee engagement	15%

The Directors consider that the annual bonus targets for 2022/23 financial year are commercially sensitive. The Committee will continue to disclose how the bonus pay-out delivered relates to performance against the targets in next year's report.

One third of any bonus paid will be deferred into shares which must be held for three years.

LTIP

For the next policy period, recognising that stretch targets would be set in line with the longer-term strategy to 2025 and beyond, we had intended to increase the grant level from 125% to 150% for the CEO combined with challenging and stretching performance targets to drive top-end performance.

However, should the current weakness in the share price, at the time of writing, persist, we have decided that, for the FY 2022/23 award, we will reduce the grant level for the CEO from 150% back to 125% of salary, with the same proportionate scale back for the CFO, whose grant level would reduce from 125% to 104% of salary, unless there is a material uplift in the share price between now and the grant date in December 2022.

The extent to which the LTIP awards will vest will be determined by the performance measures listed below.

	Weighting	Threshold 25% vesting	Maximum 100% vesting
Underlying Profit Before Tax in FY 2024/25	30%	£72.0m	£87.0m
Net Cash Flow (three-year aggregate)	30%	£130.0m	£164.0m
Return on Capital Employed (three-year average)	20%	6.5%	7.3%
Relative Total Shareholder Return vs FTSE250 (excl. Investment Trusts)	20%	Median	Upper quartile

ROCE has been introduced as a performance measure and will drive value for shareholders. ROCE, alongside the other measures previously included, will provide a rounded assessment of our overall profitability and shareholder return.

The Committee is comfortable that these targets provide an appropriate level of stretch and represent a strong link between pay and performance.

Non-executive Director remuneration

A 3% increase will be applied to the base fee, and additional fees, for Non-executive Directors and the Chair's fee. The fees that will apply from 1 October 2022 are set out below.

	2022/23	2021/22
Chair's fee	£212,180	£206,000
Non-executive Director basic fee	£57,165	£55,500
Additional fee for:		
Chairing the Audit Committee	£10,300	£10,000
Chairing the Remuneration Committee	£10,300	£10,000
Senior Independent Director	£10,300	£10,000

Approval

This Remuneration Report was approved by the Board of Directors on 7 December 2022 and signed on its behalf by the Remuneration Committee Chair:
