STRATEGIC REPORT

FOR THE PERIOD ENDED 27 SEPTEMBER 2025

The Directors present the strategic report for the period ended 27 September 2025.

Business review

The principal activity of the Group continued to be that of operating managed, tenanted, leased and franchised public houses.

The principal activity of the Company is that of a holding and investment company.

The Board of Marston's PLC manage the Marston's Group's operations at a consolidated Marston's Group level, rather than on a statutory entity basis. The development, performance, position and key performance indicators of the Marston's Group which includes the Company and the Group are discussed within the strategic report of Marston's PLC which does not form part of this report.

During the current period the Group's turnover held stable at £439.5m (2024: £438.9m) demonstrating the appeal of our predominantly community-based estate. Our expertise in managing local pubs, along with our strategic commitment to deliver exceptional guest experiences and enhancing our Reputation score, has supported the stability of this metric.

Operating profit increased by 43% to £105.5m (2024: £73.6m) from continued focus on our strategic attempts to drive margin expansion. Included within operating profit is a gain of £13.3m (2024: loss of £0.4m) arising on exceptional items.

Interest payable and similar charges increased to £284.2m (2024: £259.9m) due to additional interest accrued during the year on the 12.5% subordinated loan due to the Group's ultimate parent. As a result, the loss before tax was £181.4m (2024: £216.4m).

Net assets for the Group decreased to £(1,414.4)m (2024: £(1,319.2)m). The decrease in net assets is primarily driven by an increase to the balance outstanding on the 12.5% subordinated loan due to the Group's ultimate parent to £2,095.8m (2024: £1,901.0m).

There are no significant changes expected in the nature of the Group's business.

The Marston's Group's key performance indicators for the period ended 27 September 2025 are commented on in detail in the strategic report of Marston's PLC. Those that specifically relate to the Group, which have been summarised in the business review above, are as follows:

- Total revenue
- · Guest reputation track record
- · Underlying EBITDA and underlying EBITDA margin
- Underlying recurring free cash flow
- Our pubs at 5* EHO (food hygiene rating issued by Food Standards Agency)
- · Net debt excluding lease liabilities

STRATEGIC REPORT (CONTINUED)

FOR THE PERIOD ENDED 27 SEPTEMBER 2025

Principal risks and uncertainties

The principal risks and uncertainties of the Company and the Group reflect those of the Marston's Group. The principal risks and uncertainties of the Marston's Group, which include those of the Company and the Group, are set out below and are discussed further within the strategic report of Marston's PLC which does not form part of this report.

Strategy delivery and transformation

A range of factors could impact the successful delivery of our strategic objectives and transformation plans. These include organisational capability and structure, pace and scale of change, competitive environment, pricing, attractiveness of offer to guests, capital deployment and reputation of the business.

Information technology, cyber security and business-critical systems

Many of our key business operations rely on the continued resilience of our IT network and continuous enhancement and investment in our infrastructure is required to ensure effectiveness. We continue to face the threat of malicious cyber-attacks and disruptive technologies (the nature of which constantly evolves and becomes more sophisticated), data breaches, leaks of confidential information and network or infrastructure outages. These may cause loss of revenue, regulatory action, loss of consumer trust or our competitive advantage.

Talent pipeline

We are a people powered business. Risks relating to ineffective succession planning, new talent attraction, remuneration, culture and engagement could affect our ability to execute our strategy to the required standard, attract new talent as our business develops and grows, and deliver against our critical value drivers.

Health and safety, including food safety

The safety of our guests and people is paramount to our business. Risks such as non-compliance with EHO standards, allergen/food safety incidents and fire risk could lead to serious injury or harm, loss of trust, reputational damage or regulatory penalties.

Business continuity and supply chain

Risks of critical supplier failure (food, drink, utilities), network/infrastructure outages and forced closure of pubs (national or regional) could disrupt operations and impact revenue.

Property and estate management

Misstatement of property valuation, and significant estate management or maintenance issues, could affect financial reporting and operational effectiveness.

Climate and environment (ESG)

Risks from extreme weather, challenges in achieving Net Zero and increased regulation or energy costs could impact trading, estate management and compliance with ESG commitments.

Financial instability resulting from a major decline in trade or financial misstatement

The Company's ability to meet its financial obligations and to support the strategic plans and operations of the business is dependent on having sufficient liquidity and cash flow. We are also reliant on the continuing availability on financing from our banks and access to capital markets to meet our liquidity needs, which are often seasonal in nature. The Company might suffer financial loss or loss of investor confidence in the event of financial misstatement or other unforeseen event such as a serious decline in trade or serious fraudulent activity. Economic downturns can strain liquidity, especially if pubs cannot pass cost increases to customers.

Uncertain economic and geopolitical outlook

High inflation, slow GDP growth and elevated interest rates reduce disposable income, which may lead to lower discretionary spending on leisure activities, leading to reduced footfall and average spend per visit. Rising input costs (energy, food, wages) and supply chain volatility can also squeeze margins. If inflation persists, financing costs and operational expenses are likely to increase, which could impact business performance.

Shifts in government policy, such as employment legislation (e.g. minimum wage increases), health-related regulations (alcohol consumption) or ESG mandates - can increase compliance costs and operational complexity. New taxes or duties on alcohol, energy or carbon emissions could also increase costs.

STRATEGIC REPORT (CONTINUED)

FOR THE PERIOD ENDED 27 SEPTEMBER 2025

Section 172(1) statement

Engaging with stakeholders delivers better outcomes for our business, which are fundamental to our long-term success.

Under Section 172(1) of the Companies Act 2006 ('Section 172(1)'), the Directors are required to act in a way that they consider, in good faith, would most likely promote the success of the Company for the benefit of its members as a whole, while also considering the likely consequences of any decisions over the long term and the needs and interests of stakeholders.

The Company is a subsidiary of Marston's PLC and, therefore, key decisions which affect the Group, this Company and stakeholders are principally made by the Board of the ultimate parent undertaking and controlling party, Marston's PLC. Principal decisions taken by the Board of Marston's PLC during the financial year are embedded throughout the Annual Report and Accounts of Marston's PLC, particularly in the Chair's and CEO's statements.

Details of how the Directors of Marston's PLC have engaged with and had regard to the interests of all our stakeholders and the need to foster relationships with those stakeholders can be found in the Annual Report and Accounts of Marston's PLC.

Engaging with our stakeholders leads to better business outcomes, which are essential to our long-term success. Details of our key stakeholders are set out below:

People & Partners

We're a people-powered business and our performance driven teams are committed to delivering great experiences.

Our Partners are responsible for operating more than half of the pubs within our estate and they look to us to provide innovative, flexible operating agreements, together with the right support and training to grow their businesses.

Guests

Enabling Shared Good Times for our guests, by providing the best products and service, in a great environment.

Suppliers

We rely on our suppliers to produce quality products and to provide essential services to operate our business. They rely on us to operate responsibly and generate revenue.

Communities & environment

Our pubs are the heart of local communities, providing a local space for Shared Good Times and special occasions. A key enabler of our strategy is to ensure we operate safely and sustainably for the benefit of all our stakeholders, including the environment.

Investors

Our shareholders, bondholders and banking group provide essential sources of capital to support the delivery of our strategy. In turn they expect us to manage their investment responsibly. The Board continues to strive to ensure that the Group provides fair, balanced and understandable information that enables all our investors to understand our strategy and vision and have clarity over our financial and non-financial performance.

Government bodies and regulators

Engaging with those that govern and regulate our business and how we operate supports our efforts to achieve consistently high standards of business ethics and corporate governance.

By order of the board

4 December 2025

DIRECTORS' REPORT

FOR THE PERIOD ENDED 27 SEPTEMBER 2025

The Directors present their report and the financial statements of the Company and the Group for the period ended 27 September 2025.

The financial statements of the Company and the Group cover the 52 weeks ended 27 September 2025 (2024: 52 weeks ended 28 September 2024).

Directors

The Directors who held office during the period and up to the date of signature of the financial statements were as follows:

Edward Hancock Robert Leach Hayleigh Lupino

(Resigned 27 September 2025)

Justin Platt

Stephen Hopson (Appointed 1 December 2025)

Results and dividends

The results for the period are set out on page 11.

No ordinary dividends were paid in the period. The Directors do not recommend payment of a final dividend.

Qualifying third party indemnity provisions

In accordance with the Company's Articles of Association and to the extent permitted by law, the Company has indemnified its Directors against certain liabilities that may be incurred as a result of their position.

Engagement with suppliers, customers and others

A summary of how the Directors have regarded the need to foster the Company's business relationships with suppliers, guests and others, and the effect of that regard on the principal decisions made during the period, is provided in the Strategic Report.

Financial instruments

Financial risk management

Financial risk management is undertaken at the Marston's Group level and as such the financial risk management of the Company and the Group reflects that of the Marston's Group. The Marston's Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Marston's Group's financial performance. Risk management is carried out by a central treasury department under policies approved by the Board of Marston's PLC. The key financial risks for the Marston's Group are interest rate risk, credit risk and liquidity risk.

Interest rate risk: The Marston's Group analyses its interest rate exposure on a dynamic basis. Various scenarios are simulated taking into consideration refinancing, renewal of existing positions, alternative financing and hedging. Based on these scenarios, the Marston's Group calculates the impact of a defined interest rate shift on its results.

Credit risk: Credit risk arises from credit exposure to customers, including outstanding receivables and committed transactions. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, an assessment is made of the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual credit limits are set based on internal or external ratings in accordance with limits set by the Board of Marston's PLC. The utilisation of and adherence to credit limits is regularly monitored.

Liquidity risk: The Marston's Group applies a prudent liquidity risk management policy, which involves maintaining sufficient cash, ensuring the availability of funding through an adequate amount of committed credit facilities and having the ability to close out market positions.

Further details of the Marston's Group's financial risk exposure, and the management objectives and policies thereon, are presented within the Annual Report and Accounts of Marston's PLC.

DIRECTORS' REPORT (CONTINUED)

FOR THE PERIOD ENDED 27 SEPTEMBER 2025

Future developments

No changes are anticipated in the nature of the business in the foreseeable future.

Auditor

The auditors, RSM UK Audit LLP, are deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of disclosure to auditor

So far as each person who was a Director at the date of approving this report is aware, there is no relevant audit information of which the Company's auditor is unaware. Additionally, the Directors individually have taken all the necessary steps that they ought to have taken as Directors in order to make themselves aware of all relevant audit information and to establish that the Company's auditor is aware of that information.

Energy and carbon report

Marston's PLC, which is the parent undertaking of the largest group to consolidate the financial statements of Marston's Pubs Parent Limited, has included the activities of this Company within its energy and carbon reporting for the 52 weeks ended 27 September 2025.

By order of the board

Bethan Raybould **Secretary** 4 December 2025

DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE PERIOD ENDED 27 SEPTEMBER 2025

The Directors are responsible for preparing the strategic report, the Directors' report and the Group and Company financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare Group and Company financial statements for each financial year. Under that law they have elected to prepare both the Group and the Company financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and Company and of the profit or loss of the Group for that period. In preparing each of the Group and Company financial statements, the Directors are required to:

- · select suitable accounting policies and then apply them consistently;
- · make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Marston's PLC website.

Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MARSTON'S PUBS PARENT LIMITED

Opinion

We have audited the financial statements of Marston's Pubs Parent Limited ('the parent company') and its subsidiaries (the 'group') for the period ended 27 September 2025, which comprise the group profit and loss account, group statement of comprehensive income, group balance sheet, company balance sheet, group statement of changes in equity, company statement of changes in equity, group statement of cash flows, and notes to the financial statements, including significant accounting policies.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 27 September 2025 and of the group's loss for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
 and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group and parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's or the parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF MARSTON'S PUBS PARENT LIMITED

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and their environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF MARSTON'S PUBS PARENT LIMITED

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities are instances of non-compliance with laws and regulations. The objectives of our audit are to obtain sufficient appropriate audit evidence regarding compliance with laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements, to perform audit procedures to help identify instances of non-compliance with other laws and regulations that may have a material effect on the financial statements, and to respond appropriately to identified or suspected non-compliance with laws and regulations identified during the audit.

In relation to fraud, the objectives of our audit are to identify and assess the risk of material misstatement of the financial statements due to fraud, to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud through designing and implementing appropriate responses and to respond appropriately to fraud or suspected fraud identified during the audit.

However, it is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud, the audit engagement team:

- obtained an understanding of the nature of the industry and sector, including the legal and regulatory frameworks that the group and parent company operates in and how the group and parent company are complying with the legal and regulatory frameworks;
- inquired of management, and those charged with governance, about their own identification and assessment of the risks of irregularities, including any known actual, suspected or alleged instances of fraud; and
- discussed matters about non-compliance with laws and regulations and how fraud might occur including assessment of how and where the financial statements may be susceptible to fraud.

As a result of these procedures we consider the most significant laws and regulations that have a direct impact on the financial statements are FRS 102, the Companies Act 2006 and tax compliance regulations. We performed audit procedures to detect non-compliances which may have a material impact on the financial statements which included reviewing financial statement disclosures.

The most significant laws and regulations that have an indirect impact on the financial statements are those in relation to health and safety and food safety regulations and the Pubs code. We performed audit procedures to inquire of management, the company's legal counsel as applicable and those charged with governance whether the company is in compliance with these law and regulations and where available, inspected correspondence with licensing or regulatory authorities.

The group audit engagement team identified the risks of management override of controls and revenue recognition as the areas where the financial statements were most susceptible to material misstatement due to fraud. Audit procedures performed included but were not limited to testing manual journal entries and other adjustments and evaluating the business rationale in relation to significant, unusual transactions and transactions entered into outside the normal course of business and testing a sample of transactions posted to nominal ledger codes outside of the normal revenue cycle which were identified using a data analytic tool.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF MARSTON'S PUBS PARENT LIMITED

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: http://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 27 SEPTEMBER 2025

1 Accounting policies

Company information

Marston's Pubs Parent Limited is a private company limited by shares incorporated in England and Wales. The registered office is St Johns House, St Johns Square, Wolverhampton, WV2 4BH.

The Group consists of Marston's Pubs Parent Limited and all of its subsidiaries.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (FRS 102) and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the Company and the Group. Monetary amounts in these financial statements are rounded to the nearest £0.1m.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of effective freehold land and buildings and the holding of certain financial instruments at fair value. The principal accounting policies adopted are set out below.

As permitted by s408(3) of the Companies Act 2006, the Company has not presented its own profit and loss account and related notes.

As permitted by FRS 102 the Company has taken advantage of the disclosure exemptions available under that standard in relation to the presentation of a cash flow statement.

1.2 Basis of consolidation and business combinations

The consolidated financial statements incorporate those of Marston's Pubs Parent Limited and all of its subsidiaries (i.e. entities that the Group controls through its power to govern the financial and operating policies so as to obtain economic benefits). Subsidiaries are consolidated using the purchase method. Their results are incorporated from the date that control passes.

All financial statements are made up to 27 September 2025. All intra-group transactions, balances and unrealised gains and losses on transactions between Group companies are eliminated on consolidation.

The cost of a business combination is the fair value at the acquisition date of the assets given, equity instruments issued and liabilities incurred or assumed, plus costs directly attributable to the business combination. The excess of the cost of a business combination over the fair value of the identifiable assets, liabilities and contingent liabilities acquired is recognised as goodwill.

Provisional fair values recognised for business combinations in previous periods are adjusted retrospectively for final fair values determined in the 12 months following the acquisition date.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE PERIOD ENDED 27 SEPTEMBER 2025

1 Accounting policies

(Continued)

1.3 Going concern

The group headed by Marston's Pubs Parent Limited (the 'Marston's Pubs Group') and the Company's business activities, together with the factors likely to affect its future development and position, are set out in the strategic report.

The financial statements have been prepared on a going concern basis which the Directors consider to be appropriate. This is based on an expectation that the Company and its ultimate parent group (the 'Group') (Marston's PLC) have adequate resources to continue in operational existence for at least 12 months from the date of approval of these financial statements.

Marston's PLC has indicated its intention to continue to make available such funds as are needed by the Company for the period covered by the forecasts. As with any company placing reliance on other group entities for financial support, the Directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Continued support is dependent on the ability of the Group (i.e. Marston's PLC and its subsidiaries) being able to settle its liabilities as they fall due. The Directors considered the Group's financial position and exposure to principal risks, including the risk of 'uncertain economic and geopolitical outlook', in which high inflation, slow GDP growth and elevated interest rates may lead to a lower discretionary spending on leisure activities, leading to reduced footfall and average spend per visit. The Group has modelled financial scenarios which include a lower level of sales to the base case forecast as well as additional costs and risks beyond those forecast in the base case forecast and variable costs flexing with the reduced volume, excluding any potential mitigating management actions. Further detail on the Group's scenario modelling is included within the financial statements of Marston's PLC, which are publicly available.

Having taken account of the different scenarios modelled, the Directors are satisfied that the Company has adequate resources to continue in operational existence for at least 12 months from the date of approval of these financial statements. Accordingly, the financial statements are prepared on a going concern basis.

1.4 Turnover

Turnover is recognised at the fair value of the consideration received or receivable for goods and services provided in the normal course of business, and is shown net of VAT and other sales related taxes. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates.

Turnover in respect of drink, food and accommodation is recognised at the point at which the goods or services are provided. Gaming machine income is recognised as earned. Rental income is recognised in the period to which it relates.

1.5 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date if the fair value can be measured reliably.

Intangible assets comprise computer software, which is considered to have a finite useful life.

Amortisation is recognised so as to write off the cost of assets less their residual values on a straight-line basis over their useful lives as follows:

Computer software

5 to 20 years

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

1 Accounting policies

(Continued)

1.6 Tangible fixed assets

Land and buildings which are either freehold or are in substance freehold assets are classed as effective freehold land and buildings. This includes leasehold land and buildings with a term exceeding 100 years at acquisition/commencement of the lease or where there is an option to purchase the freehold at the end of the lease term for a nominal amount. All other leasehold land and buildings are classed as leasehold land and buildings.

Effective freehold land and buildings are initially measured at cost and subsequently measured at valuation, net of depreciation and any impairment losses. Leasehold land and buildings and plant, fixtures and fittings are measured at cost, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values on a straight-line basis over their useful lives as follows:

Effective freehold land and buildings the lower of the lease period and 50 years

Leasehold land and buildings the lower of the lease period and 50 years

Plant, fixtures and fittings 5 to 10 years

The Group's effective freehold land and buildings in respect of its pub estate are considered to have a residual value equal to their current valuation and as such no depreciation is charged on these assets.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

1.7 Fixed asset investments

In the Company financial statements, investments in subsidiaries are initially measured at cost and subsequently measured at cost less any accumulated impairment losses.

1.8 Impairment of fixed assets

At each reporting end date, the Group reviews the carrying amounts of its tangible and intangible fixed assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior periods. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

1 Accounting policies

(Continued)

1.9 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Stocks are valued on a 'first in. first out' basis.

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of stock over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in profit or loss.

1.10 Financial instruments

The Group has elected to apply the recognition and measurement provisions of IFRS 9 'Financial Instruments', the disclosure requirements of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 and the presentation requirements of paragraphs 11.38A and 12.25B of FRS 102 to account for all of its financial instruments.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Group classifies its financial assets in one of the following two categories: at fair value through profit or loss and at amortised cost. The Group classifies its financial liabilities in one of the following two categories: at fair value through profit or loss and other financial liabilities.

The Group classifies a financial asset as at amortised cost if the asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest.

Financial instruments at fair value through profit or loss

Derivatives are categorised as financial instruments at fair value through profit or loss. The Group holds no other financial instruments at fair value through profit or loss.

Financial assets at amortised cost

Financial assets at amortised cost comprise trade debtors, other debtors and cash and cash equivalents in the balance sheet and are measured using the effective interest method.

Other financial liabilities

Non-derivative financial liabilities are classified as other financial liabilities. The Group's other financial liabilities comprise borrowings, other creditors and amounts owed to associated undertakings. Other financial liabilities are carried at amortised cost using the effective interest method.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

It is, and has been throughout the period under review, the Group's policy that no trading in financial instruments shall be undertaken.

Derivative financial instruments

The Group uses derivative financial instruments to hedge its exposure to fluctuations in interest rates.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to fair value at each reporting end date. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

1 Accounting policies

(Continued)

Hedge accounting

The only derivative financial instruments that the Company enters into are interest rate swaps. The purpose of these transactions is to manage the interest rate risk arising from the Company's operations and its sources of finance.

Derivatives are initially recognised at fair value on the date the derivative contract is entered into and are subsequently remeasured at their fair value at each balance sheet date. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income. The gain or loss relating to the ineffective portion is recognised immediately in the income statement.

Gains or losses arising from changes in the fair value of derivatives which are not designated as part of a hedging relationship are presented in the income statement in the period in which they arise.

At the inception of a hedging transaction, the Company documents the economic relationship between hedging instruments and hedged items, as well as its risk management objectives and strategy for undertaking the hedging transaction. The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in cash flows of hedged items.

When a hedging instrument expires or is sold, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss existing in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in the income statement. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in equity is immediately transferred to the income statement. In assessing whether a forecast transaction is no longer expected to occur, the Company considers a range of factors including Group Board-approved plans, market conditions and historical actions.

Amounts that have been recognised in other comprehensive income in respect of cash flow hedges are reclassified from equity to profit or loss as a reclassification adjustment in the same period or periods during which the hedged forecast cash flow affects profit or loss.

Trade debtors and other debtors

Trade debtors and other debtors are recognised initially at fair value and subsequently measured at amortised cost less provision for impairment.

The Group applies the expected credit loss model to calculate any loss allowance for trade debtors and other debtors.

For trade debtors and other debtors that result from transactions that are within the scope of IFRS 15 'Revenue from Contracts with Customers' or from transactions that are within the scope of IFRS 16 'Leases' the loss allowance is measured as the lifetime expected credit losses. For any other trade or other debtors the loss allowance is measured as the 12-month expected credit losses unless the credit risk has increased significantly since initial recognition, in which case the lifetime expected credit losses are used.

The carrying amount of trade debtors and other debtors is reduced through the use of an allowance account, and the amount of the loss allowance is recognised in the profit and loss account within other net operating charges. The Group's policy is to write off trade debtors and other debtors when there is no reasonable expectation of recovery of the balance due. Indicators that there is no reasonable expectation of recovery depend on the type of debtor/customer and include a debt being over four months old, the failure of the debtor to engage in a repayment plan and the failure to recover any amounts through enforcement activity. Subsequent recoveries of amounts previously written off are credited against other net operating charges in the profit and loss account.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

1 Accounting policies

(Continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand.

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the profit and loss account over the period of the borrowings using the effective interest method.

If the basis for determining the contractual cash flows of borrowings measured at amortised cost changes as a result of interest rate benchmark reform, then the effective interest rate of the borrowings is updated to reflect the change that is required by the reform. A change in the basis for determining the contractual cash flows is required by interest rate benchmark reform when the change is necessary as a direct consequence of the reform and the new basis for determining the contractual cash flows is economically equivalent to the previous basis.

Other creditors and amounts owed to associated undertakings

Other creditors and amounts owed to associated undertakings are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the Group's contractual obligations expire or are discharged or cancelled.

1.11 Equity instruments

Equity instruments issued by the Group and the Company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the Group or the Company.

1.12 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other periods and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the Group has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

1 Accounting policies

(Continued)

1.13 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rentals payable under operating leases, including any lease incentives received, are charged to the profit and loss account on a straight-line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

1.14 Exceptional items

Exceptional items are defined as are defined as those items of income and expense which, because of the size, nature and/or expected infrequency of the events giving rise to them, are considered material, and merit separate presentation to enable users of the financial statements to better understand elements of financial performance in the period, and to facilitate comparison with future and prior periods.

In determining whether an item should be presented as exceptional, the Group considers items which are significant either because of their size or their nature, and which may be non-recurring. For an item to be considered as exceptional, it must initially meet at least one of the following criteria:

- Its size is significant in the context of the element of the results or balance it relates to.
- The nature of the item is outside the normal or core business activities.
- It may span accounting periods but is not expected to recur routinely in future periods.

If an item meets at least one of the criteria, the Group then exercises judgement as to whether the item should be classified as exceptional. In exercising this judgement, the Group also takes into account consistency with any disclosures in prior periods.

Significant judgements in respect of the classification of exceptional items in the current and prior period related to the impairment and impairment reversal of tangible fixed assets. These items were considered to be exceptional as they were significant items that resulted primarily from movements in external market variables or considerable one-off factors rather than reflecting the underlying trading performance of the Group.

2 Judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Critical judgements

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements:

Exceptional items

The Group classifies certain items as exceptional in the profit and loss account, as set out in its accounting policy. Determining which items should be so classified requires judgements to be made as to which items meet the definition and warrant separate disclosure in the accounts.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

2 Judgements and key sources of estimation uncertainty

(Continued)

Key sources of estimation uncertainty

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are as follows:

Tangible fixed assets

The Group carries its effective freehold land and buildings at fair value. These properties are valued by external valuers on an open market value basis, primarily using earnings multiples derived from prices in observed transactions involving comparable businesses. The estimation of the fair values requires a combination of assumptions, including future earnings and appropriate multiples.

The carrying amount of tangible fixed assets is shown in note 14.

Valuation and accounting for interest rate swaps

The Group's interest rate swaps are held at fair value. The Group utilises valuations from counterparties who use a variety of assumptions based on market conditions existing at each balance sheet date. The fair values are highly sensitive to the inputs to the valuations, such as discount rates, analysis of credit risk and yield curves. The carrying amount of the interest rate swaps is shown in note 16.

3 Turnover

	2025 £m	2024 £m
Turnover by category		
Sale of goods	405.8	405.5
Rendering of services	33.7	33.4
	439.5	438.9

Turnover is attributable to the one principal activity of the Group and originates in the UK.

4 Net trading expenses

	2025	2024
	£m	£m
Change in stocks of finished goods	0.4	-
Other operating income	(3.8)	(1.4)
Raw materials and consumables	105.6	111.9
Staff costs recharged from associated undertakings	76.8	80.6
Depreciation and amortisation of tangible and intangible fixed assets	12.7	20.1
Other net operating charges	155.6	153.7
	347.3	364.9

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

5	Exceptional costs	2025 £m	2024 £m
	Impairment of tangible fixed assets	17.2	25.3
	Reversal of past impairment of tangible fixed assets	(30.5)	(24.9)
		(13.3)	0.4

Exceptional items are defined as are defined as those items of income and expense which, because of the size, nature and/or expected infrequency of the events giving rise to them, are considered material, and merit separate presentation to enable users of the financial statements to better understand elements of financial performance in the period, and to facilitate comparison with future and prior periods. Significant judgements in respect of the classification of exceptional items in the current and prior period related to the impairment and impairment reversal of tangible fixed assets. These items were considered to be exceptional as they were significant items that resulted primarily from movements in external market variables or considerable one-off factors rather than reflecting the underlying trading performance of the Group.

At 29 June 2025 the Group's effective freehold properties were revalued by independent chartered surveyors on an open market value basis. The Group also undertook an impairment review of its leasehold properties in the current period.

6 Operating profit

	2025 £m	2024 £m
Operating profit for the period is stated after charging/(crediting):		
Depreciation of tangible fixed assets	11.8	11.8
Impairment of tangible fixed assets	17.2	25.3
Reversal of past impairment of tangible fixed assets	(30.5)	(24.9)
Loss on disposal of tangible fixed assets	-	4.4
Amortisation of intangible fixed assets	0.9	8.3
Operating lease charges	0.9	0.9
	===	

7 Auditor's remuneration

Auditor's remuneration was negligible and borne by the ultimate parent company, Marston's PLC. Neither the Company nor the Group incurred any non-audit fees during the current or prior period.

8 Employees

The average monthly number of people employed by the Company and the Group during the period was nil (2024: nil). The Directors received no remuneration in respect of their services to the Company or the Group (2024: £nil). Details of staff costs recharged from associated undertakings are provided in note 4.

The Company had no tangible fixed assets at 27 September 2025 or 28 September 2024.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

14 Tangible fixed assets (Continued)

The carrying amount of land and buildings comprises:

	Group		Company		
	2025	2025	2024	2025	2024
	£m	£m	£m	£m	
Freehold	1,085.6	1,022.7	-	-	
Leasehold land and buildings with a term greater than 100 years at					
acquisition/commencement	52.8	47.9	-	-	
Leasehold land and buildings with a term less than 100 years at acquisition/commencement	13.5	12.6	-	-	
	1,151.9	1,083.2	-	-	

At 29 June 2025 the Group's effective freehold properties were revalued by independent chartered surveyors on an open market value basis. During the current and prior period various properties were also reviewed for impairment and/or material changes in value. These valuation adjustments were recognised in the revaluation reserve or within exceptional items in the profit and loss account as appropriate. The Group has concluded that the valuation as at 29 June 2025 does not differ materially from that which would have been determined using fair value as at 27 September 2025.

There are two inputs to the fair value measurement of the Group's effective freehold properties, being the fair maintainable trade and the multiple applied. Fair maintainable trade is a measure of sustainable trading performance which focuses on medium to long term trends. Short term fluctuations in trading results may not be fully reflected in fair maintainable trade until they are demonstrated to be continuing in nature.

The impact of the revaluations/impairments described above is as follows:

	Group		Company	
	2025	2024	2025	2024
	£m	£m	£m	£m
Profit and loss account:				
Reversal of past impairment	30.5	24.9	-	-
Impairment	(17.2)	(25.3)	-	-
	13.3	(0.4)		-
Revaluation reserve:				
Unrealised revaluation surplus	64.3	45.0	-	-
Reversal of past revaluation surplus	(25.8)	(24.7)	-	-
	38.5	20.3		-
Net increase in shareholders' equity/tangible				
fixed assets	51.8	19.9		

If revalued assets were stated on an historical cost basis rather than a fair value basis, the total amounts included would have been as follows:

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

14 Tangible fixed assets				(Continued)
	Group 2025 £m	2024 £m	Company 2025 £m	2024 £m
Carrying amount	827.3	797.5	-	-

The Group's properties are pledged as security for the securitised debt (note 21).

15 Subsidiaries

Details of the Company's subsidiaries at 27 September 2025 are as follows:

Name of undertaking	Nature of business	Class of shareholding	% Held Direct In	='
Marston's Pubs Limited	Pub retailer	Ordinary £1	100%	100%

The registered office of Marston's Pubs Limited is St Johns House, St Johns Square, Wolverhampton, WV2 4BH. The cost and net book value of the Company's investment in Marston's Pubs Limited at 27 September 2025 was £1 (2024: £1).

16 Financial instruments

	Group	Group			
	2025	2024	2025	2024	
	£m	£m	£m	£m	
Carrying amount of financial assets					
Measured at amortised cost	27.1	39.4	-	-	
Carrying amount of financial liabilities					
Measured at fair value through profit or loss					
- Derivative financial instruments	54.6	59.4	-	-	
Measured at amortised cost	2,633.3	2,473.0	-	-	

Details of the Group's long-term borrowings are given in note 21.

The only financial instruments that the Group holds at fair value are interest rate swaps which are classified as derivative financial instruments in the table above. The fair values of the Group's interest rate swaps are obtained using a market approach and reflect the estimated amount the Group would expect to pay or receive on termination of the instruments, adjusted for the Group's own credit risk. The Group utilises valuations from counterparties who use a variety of assumptions based on market conditions existing at each balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE PERIOD ENDED 27 SEPTEMBER 2025

16 Financial instruments

(Continued)

Hedging arrangements

The Group uses its interest rate swaps to fix the interest rate payable on the floating rate elements of its securitised debt (note 21). The interest rate swap in respect of the A4 tranche of securitised debt was designated as part of a hedging relationship at the prior period end. The fair value of the interest rate swap designated as a hedging instrument at the prior period end was £7.6m. During the current period, the Company discontinued hedge accounting for the interest rate swap in respect of the A4 tranche of securitised debt as the hedging relationship between this interest rate swap and the associated debt ceased to meet the qualifying criteria for hedge accounting. The discontinuation does not affect the underlying contractual terms of the swap, which remain in place.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

21 Borrowings (Continued)

On 9 August 2005 Marston's Issuer PLC issued £805.0m of secured loan notes in connection with the securitisation of 1,592 pubs held in Marston's Pubs Limited. On 22 November 2007, a further £330.0m of secured loan notes (tranches A4 and AB1) were issued by Marston's Issuer PLC in connection with the securitisation of an additional 437 of the Group's pubs. The loan notes are secured over the properties and their future income streams and the funds were subsequently lent to Marston's Pubs Limited. On 15 January 2014 Marston's Pubs Limited purchased all the AB1 notes at par. The notes were immediately cancelled and the corresponding balance lent to the Group by Marston's Issuer PLC was treated as having been prepaid by way of set-off in consideration for the surrender of the notes.

The securitisation is governed by various covenants, warranties and events of default, many of which apply to Marston's Pubs Limited. These include covenants regarding the maintenance and disposal of securitised properties and restrictions on the ability to move cash to other companies within the Marston's Group.

The principal terms and gross amounts outstanding (excluding deferred issue costs) for each tranche of securitised debt are as follows:

	2025 £m	2024 £m	Interest	Principal repayment period - by instalments	Expected average life	Expected maturity date
A2	68.3	99.5	Fixed/floating	2024 to 2027	2 years	2027
A3	200.0	200.0	Fixed/floating	2027 to 2032	7 years	2032
A4	95.2	107.8	Floating	2024 to 2031	6 years	2031
В	155.0	155.0	Fixed/floating	2032 to 2035	10 years	2035
	518.5	562.3				
		====				

The interest payable on each tranche is as follows:

Before step up	After step up	Step up date
5.1576%	SONIA + 0.1193% + 1.32%	July 2019
5.1774%	SONIA + 0.1193% + 1.45%	April 2027
3-month LIBOR + 0.65%	SONIA + 0.1193% + 1.625%	October 2012
5.6410%	SONIA + 0.1193% + 2.55%	July 2019
	5.1576% 5.1774% 3-month LIBOR + 0.65%	5.1576% SONIA + 0.1193% + 1.32% 5.1774% SONIA + 0.1193% + 1.45% 3-month LIBOR + 0.65% SONIA + 0.1193% + 1.625% 5.6410% SONIA + 0.1193% + 2.55%

The Group has agreed with its bondholders to replace 3-month LIBOR with the compounded Sterling Overnight Index Average (SONIA) plus 0.1193% after the discontinuance of LIBOR.

All floating rate notes are economically hedged in full by the Group using interest rate swaps whereby all interest payments are swapped to fixed interest payable.

The Group also has a 12.5% subordinated loan due to Marston's PLC, the ultimate parent company. This loan is unsecured and subordinate to the amounts due under the securitisation.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

22	Provisions for liabilities					
			Group		Company	
			2025	2024	2025	2024
		Notes	£m	£m	£m	£m
	Deferred tax liabilities	23	59.1	47.2	-	-

23 Deferred taxation

The following is the analysis of the deferred tax balances (after offset) for financial reporting purposes:

	Liabilities/(ass Liabi	ilities/(ass
	ets)	ets)
	2025	2024
Group	£m	£m
Accelerated capital allowances	28.3	25.8
Tax losses	(2.6)	(3.8)
Property related items	62.6	55.6
Other timing differences	(16.1)	(16.2)
Interest rate swaps	(13.1)	(14.2)
Total deferred tax liabilities	59.1	47.2

The Company had no deferred tax assets or liabilities at 27 September 2025 or 28 September 2024.

	Group 2025	Company 2025
Movements in the period:	£m	£m
Liability at 29 September 2024	47.2	-
Charge to profit or loss	3.0	-
Charge to other comprehensive income	8.9	-
Liability at 27 September 2025	 59.1	
	===	

Deferred tax is recognised in full in respect of unused tax losses of £80.3m (2024: £82.9m) of which £10.6m (2024: £15.5m) relate to trading losses and £69.7m (2024: £67.4m) relate to capital losses.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

24 Share capital

·	Group and	d Company
	2025	2024
	£m	£m
Ordinary share capital		
Issued and fully paid		
1 ordinary share of £1 each	-	-
•		

The shares have attached to them full voting, dividend and capital distribution (including on winding up) rights; they do not confer any rights of redemption.

25 Revaluation reserve

When effective freehold land and buildings are revalued any gains and losses are recognised in the revaluation reserve, except to the extent that a revaluation gain reverses a revaluation loss previously recognised in profit or loss or a revaluation loss exceeds the accumulated revaluation gains recognised in the revaluation reserve; such gains and losses are recognised in profit or loss. The associated deferred tax on revaluations is also recognised in the revaluation reserve. Amounts representing the equivalent depreciation are transferred to profit and loss reserves annually and the full amount is transferred on disposal of the associated property.

26 Hedging reserve

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the hedging reserve along with any associated deferred tax. Amounts recognised in the hedging reserve are reclassified to profit or loss in the periods when the hedged item is recognised in the profit and loss account.

27 Operating lease commitments

Lessee

The Group leases various properties and items of equipment under non-cancellable operating leases. The leases have various terms, escalation clauses and renewal rights.

At the reporting end date there were outstanding commitments for future minimum lease payments under non-cancellable operating leases, falling due as follows:

	Group		Company	
	2025	2024	2025	2024
	£m	£m	£m	£m
Within one year	0.6	0.6	-	-
Between one and five years	2.1	1.9	-	-
In over five years	11.2	10.6	-	-
	13.9	13.1	-	-

Lease payments recognised as an expense for non-cancellable operating leases was £0.5m (2024: £0.5m).

Lessor

The Group leases a proportion of its licensed estate and other unlicensed properties to tenants. The majority of lease agreements have terms of 20 years or less and are classified as operating leases.

At the reporting end date the following minimum lease payments were contracted with tenants:

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE PERIOD ENDED 27 SEPTEMBER 2025

27	Operating lease commitments				(Continued)
		Group		Company	
		2025	2024	2025	2024

	2025	2024	2025	2024
	£m	£m	£m	£m
Contracted for but not provided in the financial statements:				
Acquisition of tangible fixed assets	1.2	0.6	-	-

29 Related party transactions

On 9 August 2005 Marston's Pubs Limited was loaned £805.0m by Marston's Issuer PLC and on 22 November 2007 a further £330.0m was loaned by Marston's Issuer PLC. In addition, interest rate swap contracts entered into by Marston's Issuer PLC are used by Marston's Pubs Limited in relation to both the above loans. Interest of £7.1m (2024: £7.8m) had accrued on the loans and associated swaps at 27 September 2025 and capital repayments of £43.8m (2024: £49.1m) were made during the period. The total amount payable in relation to the swap arrangements at the period end was £54.6m (2024: £59.4m). Total interest charged was £34.5m (2024: £34.9m) and the outstanding balance of the loans at the period end is disclosed in note 21.

Marston's Pubs Limited is a member of a wholly owned Group controlled by Marston's PLC which, as is common practice within wholly owned groups, manages its tax affairs by optimising available reliefs across the Group. During the year, a potential risk was identified regarding Marston's Pubs Limited's prior acceptance of capital gains and other transfers from Group entities without direct consideration. Where such gains give rise to liabilities and Marston's Pubs Limited lacks sufficient distributable reserves, this may constitute an unlawful distribution under the Companies Act 2006. To mitigate this risk, Marston's PLC has provided nominal consideration for the relevant gains to Marston's Pubs Limited, reflecting the estimated liability.

30 Controlling party

The immediate parent undertaking is Marston's Corporate Holdings Limited. The ultimate parent undertaking and controlling party is Marston's PLC, which is the parent undertaking of the smallest and largest group to consolidate the financial statements of Marston's Pubs Parent Limited. The registered office of Marston's PLC is St Johns House, St Johns Square, Wolverhampton, WV2 4BH and copies of the Marston's Group accounts can be obtained from the General Counsel & Company Secretary at this address.
